

Monday 8th May 2006. 18:20

Location: Sandbanks, Dorset, UK

Method: Hasty search. Garden Search

Weather: Clear, warm

Light: Very good.

Wind Conditions: Slight

Hazards: Road / traffic. Access to water.

Terrain & Type of area: Gardens, jetty

Time in Harness: 30 minutes

Indication: n/a

Casualties Found: Casualty not in search area

Probability of detection: 95 - 99% @ 10m sweeps

Comments: Man suspected to be missing over the ferry, in the area of Swanage. However, the police had found the man's vehicle in the Sandbanks area and wanted to satisfy themselves that he was not in the vicinity. This was a short search due to intelligence confirming that he was indeed in Swanage.
